Is it time to order your first wheelchair?

Time to replace an existing wheelchair or seating system?

Having trouble finding a wheelchair clinic?

Numotion and Therapy Hub, in collaboration with DDS Assistive Technology Centers, are joining together to provide a new Wheelchair Seating and Mobility clinic in the Southeast Region.

You will engage in a Physical Therapy (PT) evaluation and work with a Numotion Assistive Technology Provider (ATP) for the order of your wheelchair.

Clinics will be held at the Numotion Taunton Office:
300 Myles Standish Blvd.
Taunton, MA 02780
(Home evals are also available)
